RE: Permit Issuance
DEC No. 8-4630-00010/00001, 00011, and 00015
Part 360 Series, 401 WQC, and Air State Facility
Hakes C&D Landfill Expansion and new Borrow Area
Town of Campbell, Steuben County

Dear Mr. Shilling:

Enclosed are the Modified Part 360 Series Solid Waste Management and Air State Facility Permits and the 401 Water Quality Certification. Please note the new effective date and expiration date. A copy of the Findings Statement is also included. A copy of the Permit Application Responsiveness Summary is attached to the Findings Statement.

The permittee should review the revised regulations to insure the landfill's compliance with any upcoming requirements, including, but not limited, to the requirement to submit a deed description, in one year, in accordance with 6 NYCRR 363-7.1(r) and to have an updated financial insurance instrument in place 60 days prior to operation of the new cell per 6 NYCRR 360.22(a)(1). The noise monitoring system also needs to be in place prior to operation of the new cell.

Please review the enclosed modified permits carefully. Please note that under 6 NYCRR Part 621.7(f) of the Uniform Procedures Act, if a permit for a project is denied, or is issued with significant conditions attached and an adjudicatory public hearing was not held, then the applicant may request that one be held. Such a request must be made within 30 calendar days of the date of the mailing of either the notice of denial or the permit with conditions.

Please contact me at 585-226-5392, or by email at Kimberly.merchant@dec.ny.gov if you have any questions relating to the status of this application or the information contained in this letter. If any questions arise or if problems develop with the facility during the life of this permit, please contact Yasmin Guevara at 585-226-5412 or Greg MacLean at 585-226-5408.

Department of
Environmental
Conservation

Sincerely,

Kimberly Merchant
Deputy Regional Permit Administrator
