

EXHIBIT Z

EXHIBIT Z: Chemung leachate results (data, in blue) and detection limits (MDC, in orange) for Radium-226, from Chemung Leachate Test Report.

The horizontal axis on each graph is time, and the graphs show four different time trends:

- 1-3 are the 2015-2017 time trend for Leachate Pond (Combined Leachate)
- 5-7 are the 2015-2017 time trend for Cells I through III Primary Leachate
- 9-13 are the 2015-2017 time trend for Cell IV Primary Leachate
- 15 is the single data point for the 2017 measurement of Cell V Primary Leachate
